## APPENDIX B Statistical Tables

## TABLE B.1 THE UNIT NORMAL TABLE\*

\*Column A lists z-score values. A vertical line drawn through a normal distribution at a z-score location divides the distribution into two sections.

Column B identifies the proportion in the larger section, called the *body*.

Column C identifies the proportion in the smaller section, called the tail.

Column D identifies the proportion between the mean and the *z*-score.

*Note:* Because the normal distribution is symmetrical, the proportions for negative *z*-scores are the same as those for positive *z*-scores.

(A) z	(B) Proportion in Body	(C) Proportion in Tail	(D) Proportion Between Mean and z	(A) z	(B) Proportion in Body	(C) Proportion in Tail	(D) Proportion Between Mean and z
